

Lee Clement

Ph.D. Candidate · Robotics, Computer Vision, Machine Learning, State Estimation

4925 Dufferin Street c/o UTIAS, Toronto, ON, Canada, M3H 5T6

☎(+1) 647-606-5510 | ✉lee.clement@mail.utoronto.ca | 🏠leeclem.net | 📧leeclemnet | 🌐leeclemnet | 🐦@leeclemnet

Education

Ph.D. Candidate · University of Toronto

Toronto, Canada

Institute for Aerospace Studies · Space and Terrestrial Autonomous Robotic Systems (STARS) Lab

2014 - Present

- Thesis topic: Enabling long-term visual navigation by learning models of appearance.
- Advised by Prof. Jonathan Kelly.
- Supported by an NSERC Postgraduate Scholarship - Doctoral Program, valued at \$63,000.

M.A.Sc. Candidate · University of Toronto

Toronto, Canada

Institute for Aerospace Studies · Space and Terrestrial Autonomous Robotic Systems (STARS) Lab

2013 - 2014

- GPA: 4.0 / 4.0.
- Transferred to Ph.D. program on recommendation of my research assessment committee, without completing the M.A.Sc.
- Supported by an NSERC Canada Graduate Scholarship - Master's Program, valued at \$21,000
- Received a Kenneth Molson Fellowship, valued at \$12,000.

B.Sc. (Maj.) with Distinction, Physics & Computer Science · University of Manitoba

Winnipeg, Canada

Department of Physics and Astronomy · Department of Computer Science

2010 - 2013

- GPA: 4.31 / 4.50
- Received two competitive Centennial Scholarships in Physics in 2011 and 2012.
- Received two NSERC Undergraduate Student Research Awards in 2012 and 2013.

B.Sc. (Hon.) with Distinction, Accounting & Finance · University of Manitoba

Winnipeg, Canada

I. H. Asper School of Business

2006 - 2010

- GPA: 4.13 / 4.50
- Inducted into Beta Gamma Sigma Honors Society

Research Experience

Ph.D. Candidate · University of Toronto

Toronto, Canada

Institute for Aerospace Studies · Space and Terrestrial Autonomous Robotic Systems (STARS) Lab

2013 - Present

- Thesis topic: Enabling long-term visual navigation by learning models of appearance.
- Advised by Prof. Jonathan Kelly.

Research Assistant · Argonne National Laboratory

Chicago, USA

Argonne National Laboratory Physics Division · University of Manitoba Department of Physics and Astronomy

2013

- Participated in experiments with the Argonne Tandem Linac Accelerator System (ATLAS).
- Supervised by Prof. Kumar Sharma and Dr. Jason Clark.

Research Assistant · University of Manitoba

Winnipeg, Canada

Department of Physics and Astronomy

2012

- Developed astrophysical modelling software.
- Supervised by Prof. Jason Fiege.

Teaching Experience

Course Instructor · University of Toronto

Toronto, Canada

Division of Engineering Science

2018

- AER 521: Mobile Robotics and Perception

Teaching Assistant · University of Toronto

Toronto, Canada

Division of Engineering Science

2015 - 2017

- ROB 301: Introduction to Robotics
- AER 521: Mobile Robotics and Perception

Extracurricular Activities

Graduate Student Representative • Faculty Council

Toronto, Canada

University of Toronto Faculty of Applied Science and Engineering

2017-2018

- Faculty Council sets and approves academic policy, principles, priorities, and the general direction for the teaching and research activities of the Faculty of Applied Science and Engineering.

Graduate Student Representative • Community Affairs & Gender Issues Committee

Toronto, Canada

University of Toronto Faculty of Applied Science and Engineering

2017-2018

- The CA&GI Committee seeks to improve and to recommend on strategies related to student recruitment and outreach and quality of life within the Faculty community, including the student experience, gender issues, diversity, safety and security, and personal conduct.

President • Aerospace Students' Association

Toronto, Canada

University of Toronto Institute for Aerospace Studies

2016-2017

- The ASA represents graduate students at UTIAS and organizes athletic, social, academic and professional events.
- Previously: Social Coordinator (2015-2016).

Co-founder / Aerospace Representative • Graduate Engineering Council of Students

Toronto, Canada

University of Toronto Faculty of Applied Science and Engineering

2016-2017

- The Graduate Engineering Council of Students (GECoS) acts as a forum for all Engineering Graduate Student Associations at UofT to collaborate and represent Engineering graduate students.

Student Member • UTIAS Student Experience Committee

Toronto, Canada

University of Toronto Institute for Aerospace Studies

2015-2017

- The SEC gathers data about the UTIAS student body's experiences at the Institute and makes a report to the Director summarizing the data and suggesting improvements.

Re-founder / Director • SEDS-Canada

Toronto, Canada

Students for the Exploration and Development of Space

2014-2017

- Students for the Exploration and Development of Space (SEDS) is an international group of student-run organizations dedicated to promoting public interest in space.

Professional Affiliations

IEEE, IEEE Young Professionals, IEEE Robotics and Automation Society

Student Member

Canadian Image Processing and Pattern Recognition Society (CIPPRS)

Student Member
